FLOURISHING FOUNDATIONS

Al Furjan, the master development by Nakheel, is one of Dubai's most sought-after neighbourhoods, situated close to Ibn Battuta Mall and Sheikh Zayed Road. It is home to world class schools, community centres and leisure facilities, including its very own Metro Station. It's also where flourishing communities such as Murooj Al Furjan have made landmark impressions on the standards of community design in the region. And now, building on this overwhelming success, Nakheel is proud to launch Tital Al Furjan, another fine example of these flourishing foundations.

AMENITIES

A COMPLETELY NEW LEVEL OF DESIGN

A new level of modern elegance marks every villa within Tilal Al Furjan. Clean lines form the remarkably spacious interiors and define the highest standard of finishes to create a home that provides a welcome like no other.

ABOVE AND BEYOND

Four and five bedroom villas have been designed to go above and beyond in spaciousness and quality of finish.

A grand entrance foyer sets the scene for impressive and expansive living areas as vast floor to ceiling windows invite natural light and provide a seamless connection to the extensive garden.

With an abundance of space at every turn, the ground floor hosts a maid's room, powder room, guest bedroom with en-suite bathroom. On the first floor is a large family room, pantry and study with the remaining bedrooms all partnered with en-suite. The impressive master bedroom has a walk-in wardrobe and five fixture en-suite bathroom. A large shaded balcony overlooks the rear garden where a swimming pool is optional and the garage is vast enough for three cars to call home.
